Ms. Joan Andrews
Foundation for the American Indian
Greenwich, Connecticut

Dear Ms. Andrews:

Thank you for providing me with an update on your projects in Indian Country. The type and scope of your projects indicate your significant progress in assisting renewable energy development on Tribal lands.

As you know, the Department of Energy is committed to working with Tribal leaders and Tribal energy officials. Your efforts in Native America are in furtherance of two Department priorities: the development of renewable energy resources and the promotion of economic self-determination within the Tribal community.

Please continue to keep me informed of your progress, and don't hesitate to contact me if we can be of further assistance. I look forward to the growth of our working relationship.

Sincerely,
